**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use Sonic for my internet service. I use fiber. Sonic is a local provider which provides fast, reasonably priced and responsive service. I do not use AT&T or Comcast because they are more expensive, are not very responsible and not as fast for the price. I need broadband for my home business. I used to use DSL, but it's not fast enough for me to stay competitive. Through Sonic I also have a free VOIP phone, which is important for my business because my home has spotty cell coverage.

Thank you.

Margaret Copeland
